After all the years of secrecy, government cover-ups, and lies, the time has finally come for the truth to be told! This book goes into great depths and details into the history of when and why the UFO cover-up began, up until the present day. Contained in this audiobook is information never seen or heard of before, even by the world's leading ufologist! I've spent the past 20 plus years of my life doing the research and studying every government document and speaking to every government and military official to put this book together and get it out to the public. Buy the audiobook today and make sure you clear your schedule because you are not gonna be able to stop listening! Sit back, and enjoy the ride. You have a front-row seat to the most important book to usher in the new decade - 2020 - the year of full UFO and alien disclosure!
