Synopsis

<p>It's a new year, and the History of Film is back! In this episode, we cover the life and achievements of French animator Emile Cohl, as he creates the first paper film animation, and brings fluidity and grace to a medium he helped invent!

Thank you to my wonderful patrons who helped make this show possible! A special thank you to patron Ed & Shari for supporting this program in such a big way. If you want to support this show, read your name down here in the credits, and get access to cool bonus content, you can! By visiting patreon.com/historyoffilm and becoming a patron, you can play an integral part in actually making this show exist.
