Synopsis

Genesis 8:6-12 In today's episode we hear Noah send out first the raven and then the dove. Will the birds bring back good news of dry land? The kids will be reminded that if you find yourself in a season of waiting, you can remember Noah's story. Even when you're doing everything right, the results may not come as quickly as you'd like. But we can cling to this truth: God is with you every step of the way. He sees your efforts, hears your prayers, and knows the desires of your heart. Please support us by enjoying the bonus content.
