

- A Deviously Hypocritical Killer in Wolsey, South Da

author:

2026-07

Synopsis

This week, we look at the very small, very rural wheat growing town of Wolsey, South Dakota, where the pillar of the community made everyone think they were perfect, and turned out to be just as awful as everyone else. The cold blooded plan shows the whole town that you just can't trust anybody. Along the way, we find out that some people can't get enough of watching goats race, exactly what constitutes a real doctor, and how not to use the internet while researching murder techniques!
