

# 41. Can bitcoin obsolete bonds?

*author:*

2026-06

## Synopsis

---

As insurance industry giants begin to enter the bitcoin space, we discuss the implications for bitcoin's proposition as a store of value. Will the satoshi rate become the new risk-free rate? Are there any good reasons for bonds to exist in a world in which bitcoin works? What is the case for holding gold in a bitcoin world?
