

#489 - Psycho Stepmom - Edgerton, Kansas

2026-06

Synopsis

This week, in Edgerton, Kansas, a wild family dynamic leads to fighting, insults, bad feelings, and eventually a dastardly murder plot, from the person you'd least expect. As cruel & brutal as it was, it was almost the perfect crime, but when the body is stumbled upon, the whole web of lies comes crumbling down, turning a mother against her son, and a daughter against her mother. The whole thing is just a huge mess, and as crazy a story you'll ever find!!

Along the way, we find out that everybody has a "Frontier Days" festival, that when your mother tells you that someone has to die, you don't have much choice, and that love & a refusal to accept reality can apparently conquer all, including the murder of your son!!
