Synopsis

5 signs that a Narcissist may be cheating on you

Welcome my channel! If this is your first time seeing my face or hearing my voice, my name is Lee and I am a self aware narcissist. I have narcissistic personality disorder (NPD) and I've been in therapy for my personality disorder since 2017 and it has definitely changed my life because without it, I would have lost everything. The point of these videos is to help bring awareness from the other side of the narcissistic *buse spectrum. All my videos give perspective on why many narcissists do what they do and the possible different reasons behind them. The victims and survivors get validation and the Narcissists (those that are willing) get to see that you can get help and that you are not alone.
