Warning: This Patterson-style thriller contains graphic/disturbing violence that can give you nightmares. This book is not for the faint of heart. Please do not purchase this book unless you are prepared for some sleepless nights! A serial killer terrorizes Seattle, attempting to recreate the nine circles of hell by using the blood and bodies of the innocent. Detective Robi Darcmel, a gifted yet troubled savant, is the only man standing in the path of this pathological killer. As the fate of Emerald City hangs in the balance, can Darcmel overcome his failings, or will Seattle burn to ash?
