

A Game For Heroes

author: Jack Higgins

2026-08

Synopsis

author	Jack Higgins
readBy	Michael Page
inLanguage	english

The occupied Channel Islands: the last outpost of German resistance at the end of a long and savage conflict. Most feared amongst them: St Pierre, the heavily guarded fortress chosen by a crazed SS Commandant for his suicidal final stand. With Berlin on the verge of capture, it is the most sensitive mission of the war. An end game that calls for a hero "with something else besides. A game for a battle-hardened veteran ready to lay down his life for his birthplace. And for the woman he left behind".
