A Lacy Souvenir, first in the Series The Cathartic Adventures of Jenna Monteath

Jenna finds a pair of lacy underwear in the back seat of the family Lincoln, and knows they don't belong to her. A virgin when she met her now successful husband, Anthony, they have two beautiful and happy children, and a wonderful home and life, or so it seemed. Jenna soon realizes that sometimes "ignorance is bliss", and at first wishes she could change things back to the way they were.

So absorbed with his career, Anthony was oblivious to his lacking on the home front, that is until Jenna began changing into someone he didn't know. She becomes a more self-assured, an independent woman right before his eyes...or was it behind his back?

Anthony soon learns to like his new wife. She is much more sexually charged, and taking more initiative in the bedroom. Could she be exactly what Anthony needed to light the flame and put the spark back into his marriage, or has he waited until it's too late?

Jenna's many influential friends, turn out to be more than just friends. They lead her on a cathartic adventure of her own repressed emotions, and memories, as she delves into her own needs for self satisfaction. Will Jenna find herself, or find out that she isn't who she thought she was to begin with?
