Injured and terrified, Victor runs for his life and right into the arms of the last person he expected to find: his true mate.

Living in a pack who viewed imperfections as weaknesses that needed to be eliminated, Victor is lucky to escape alive. He's heard of the Kincaid Pack's strong but fair alpha, but he has trouble truly believing he won't be targeted once more if his shameful secret is discovered.

When Cole meets a young man with fear in his eyes and pain in his scent, he recognizes him as his mate on sight. His excitement is short-lived, however, when they find out Victor's life is still in danger from what his old pack did to him.

After a lifetime of being abandoned by others, Victor has an important decision to make: Will he choose to trust the mate fate gave him? Or will he run again?

A New Pack for New Year is a prequel to the best-selling Kincaid Pack series and features an eighteen-year-old wolf in need of some TLC, a thirty-something lion dying to give it to him, sexy times in an inappropriate place, found family feels, and hurt/comfort that will warm all the corners of your heart.
