

A Reckoning for Kings

author: Allan Cole, Chris Bunch

2026-06

Synopsis

author	Allan Cole, Chris Bunch
readBy	Kevin Theis
inLanguage	english

A gripping war story. For the first - and only - time in fiction, *A Reckoning for Kings* tells the story of the Vietnam conflict from both sides - Americans as well as North Vietnamese. In four short months - during the lightning-quick, bloody campaign known as the Tet Offensive - two bitterly opposing armies would clash in an epoch-shattering encounter that would alter the course of the war and the shape of the world forever. It was a time when America won the battle but lost the war.
