Angela is my assistant at work, and I am eager to see if she could be just as capable an assistant in the bedroom. I invite her over for dinner, but secretly I want her to indulge the fantasy I have of seeing my husband Craig with other women. Angela takes to task expertly, treating me like a nasty cuck and having me do all manner of things. With my husband inside her she's got me doing all kinds of sinful stuff.

Listen to how I turn from boss to cuckquean on a dime, submitting to Mistress Angela as the cake has her way with my naughty husband.
