**The only way to save her is to claim her for himself.**

The Ulkar are the stuff of nightmares, and they want to do much worse to Ellie than kill her. They want to breed her.

Kula is sent to save her. He's an Aparan warrior, the only race in the galaxy strong enough to fight the Ulkar. He swears to die protecting her, but there's only one way to save her: The Ulkar will not breed with a woman who has already been claimed, so Kula will have to do it first.

Aparans cannot breed with an unwilling mate. It goes against every fiber of their being. Ellie is nervous, but she's drawn to the powerful alien warrior. She tells herself she's doing what she must to survive...even if she enjoys it.

Ellie may have been willing to sleep with Kula just one time, but what she didn't know is that Aparans mate for life. Now he's abducted her, and he's calling her his Muru. Will she convince him to let her go, or is being bonded to the dominant alien warrior exactly what she always needed?

*Alien's Primal Bond* is a full-length, stand-alone alien sci-fi romance. It features a possessive alpha alien in intense, steamy scenes with his human mate. There are no cliff-hangers or cheating, and a happily ever after is guaranteed!
