Can the friend zone survive the end of the world?

Missy and Kevin are friends. Just friends. Theyâ€™d never actually date each other, because theyâ€™ve been friends since childhood, and that would be weird.

Now itâ€™s the apocalypse. People are leaking blood from their eyeballs and turning into homicidal oozing mutants. Fortunately, Kevin has access to an underground shelter, and he and Missy make it there in time to avoid a horrible gruesome death.

But theyâ€™re trapped down there.

Things are going to get weird.

A gooey 24,000-word novella from the four-time Bram Stoker Award-nominated author of such demented horror/comedies as *Blister*, *Wolf Hunt*, *Dead Clown Barbecue*, and *Benjamin's Parasite*.
