<p>It's just a made-up story...or is it?</p> <p>It's the summer of 1874. Andi wishes Riley had never read her that scary old dime novel to her. Now, she can't stop thinking about being captured by Indians. Then, one hot day when she and Riley ride up to the creek, Andi hears something moving in the bushes. Is it a rabbit? Is it a skunk? Or is it...Indians?</p>
