inLanguage	english

Humanity is suffering, individually and collectively, and it's time to break through beliefs and tap into inner wisdom for guidance!

Beth's awakening memoir is raw, vulnerable, and written with the intention to inspire others to go deeper on their spiritual awakening journey.

Now is the time to unravel your mind by breaking through beliefs and healing yourself on all levels.

Getting yourself back to wholeness allows you to shine the light brightly and show the way for others to follow.

The stories are relatable, engaging, and jam-packed with tips, tools, techniques, and modalities to assist you on life's journey. the reviews speak for themselves as they share how others have experienced the author's authentic and transformational storytelling.

She has a way of bringing a new perspective and levity to some of life's darkest lessons. There's never a dull moment. Beth's on a mission to assist in "Pollinating the Planet with Love," please join her and share the book with others!

Here's the Hollywood movie description of the book...

What would you do if the man you intended to marry turned out to be a narcissistic sociopath?

Angels, Herpes & Psychedelics divulges Beth's unexpected journey of awakening. From romantic encounters to toad-venom visions to angels in blue jeans, Beth's story exposes how the soul's true path can get messy, irrational, and even downright dangerous.

Raised in a small NORTH DAKOTA town, Beth learned to dutifully check the boxes. She went to college, climbed the corporate ladder, and married a man who reflected the midwestern values she was taught to want.

There was only one problem: this was not the life her soul had signed up for.

If you're looking for a tender tale of light, love, and burning sage, look elsewhere. Beth Bell's sacred journey offers something much rawer. Her memoir strips away the veil of a picture-perfect life, revealing the illusions of self, the bliss of divine oneness, and all the healing, aching, chaotic b
