

Asayi

author: Sharon Curcio

2026-06

Synopsis

author	Sharon
readBy	Jennifer
inLanguage	english

There's harrowing tension in being Asayi. But join Asayi's circle to oppose a punitive regime. Court intrigues swirl, underbelly characters from different levels of society emerge, deceptions reign, yet truth emerges at the end. Layers of nuance unfold: the vulnerability of an autistic young woman in a merciless time period; political unrest, physical survival, secret identities, and finding ones tribe and love while facing injustices and revolts that are just as real as todays inequities and discontents. The underdogs prevail in this remarkable medieval Japanese saga replete with true to life characters, political and personal sagas, and the enduring Asian cultural icon: the ghost.
