Love was the last thing on Kyle Stader's mind. He'd found and lost that once and he wasn't about to ever let himself feel that kind of hurt again. So, when Liz Redgate shows up in Cotton Creek, he might find himself interested, but it darn sure isn't going to go anywhere except maybe the bedroom.

Liz is an enigma. A woman who can handle a thoroughbred race horse better than half a dozen experienced jockeys, and one who is keeping secrets. Like why that thoroughbred horse won't run for anyone but her. Those secrets may make her more appealing but also make her dangerous.

Unfortunately, Kyle's no novice to danger, and is a sucker for a mystery. Things are about to get interesting again in Cotton Creek.
