Synopsis

In the early 1990s, the collapse of Yugoslavia sparked a brutal series of conflicts in Eastern Europe. At first, the USA pursued a policy of non-intervention - officially. Unofficially? That's where H.K Roy comes in. Sophia Di Martino joins H.K as he monitors the warzone for the CIA. In Part 1, H.K makes the leap from plying his tradecraft in a quiet corner of the continent to becoming a spy-cum-war-reporter, brushing against danger at every turn. From SPYSCAPE, the home of secrets. A Cup And Nuzzle production. Series producers: Gemma Newby, Joe Foley. Produced by Joe Foley. Music by Nick Ryan. Learn more about your ad choices.
