

Bear: A Dark Shifter Romance

author: Delta James

2026-07

Synopsis

author	Delta James
readBy	Jack Calihan
inLanguage	english

For centuries he roamed the mountains, restless and wild. Then he chose me as his mate.

He was a man once, long ago. Now people say he is nothing more than a myth, a legend, a story locals tell one another around the campfire. The tale of the mountain man who became a bear.

But I know better. He saved my life, and he watches over me still. Because I belong to him.

The man in him is old-fashioned, from a time when a headstrong woman was taken over a knee, but the beast in him is as wild as this land itself, and when he claims me, it will be truly savage.

Publisher's Note: *Bear* includes spankings and rough, intense sexual scenes. If such material offends you, please don't buy this book.
