From *New York Times* best seller Claire Contreras comes a new, sexy stand-alone novel...

When my sister asked me to take a course for her while she went out of town for work, I reluctantly agreed. I wasn't expecting to step into a university auditorium filled with overactive libidos lusting after the professor. And I certainly wasn't expecting to become one of those women myself, but there's something about Lorenzo Costello that makes him irresistible. He's the kind of man mothers warn their daughters about - mysterious, gorgeous, experienced, wild - and for some crazy reason he wants me.

I should run far away and save myself from the impending heartache. So why am I racing toward him? I'm totally going to get burned. A man like Lorenzo won't leave me unscathed. He'll make ashes of me.

*Because You're Mine* is NOT a dark romance! It's sexy and will keep you listening.
