'The clouds are moving ecstatically from Kashi to Mathura and the sky will remain covered with dense clouds as long as there is Krishna in Braj.'

These lines were composed by Mohsin Kakorvi, an Urdu poet, to celebrate not Lord Krishna's birthday but that of the Prophet Muhammad. Awadh, the author's birthplace, was steeped in this exquisite confluence of cultures. Sadly, this glorious tradition has been systematically destroyed over the past century.

In many ways, Awadh stood for everything that independent India could have become, a land in which people of different faiths co-existed peacefully and created a culture that drew upon the best that each community had to offer. Instead, what we have today is a pale shadow of the harmony that once existed. Everywhere there are incidents of sectarian murder, communal propaganda and divisive politics. And there seems to be no stopping the forces that are destroying the country.

In this remarkable book, which is partly a memoir and partly an exploration of the various deliberate and inadvertent acts that have contributed to the othering of the 180 million Muslims in India, Saeed Naqvi looks at how the divisions between Muslims and Hindus began in the modern era. The British were the first to exploit these divisions between the communities in the 19th and 20th centuries. In the run-up to Independence, and its immediate aftermath, some of India's greatest leaders, including Mahatma Gandhi, Jawaharlal Nehru, Vallabhbhai Patel and others, only served to drive the communities further apart. Successive governments, whether formed by the Congress or BJP, compounded the problem by failing to prevent (if not actively supporting) tragic events like communal riots in Gujarat (1969 and 2002), Bombay (1992, 1993), Muzaffarnagar (2013), the breaking of the Babri Masjid (1992) and so on.

As a reporter, and editor, Naqvi covered all these events (with the exception of Partition), and in the book he shows us, with acuity and insight, how each of these resulted in the shaping of the discontent of the Muslim in India. Thought-provoking and troubling, *Being the Other* is essential listening for all

those interested in understanding the forces that have shaped contemporary Indian society.
