A story of life on a tropical island called Topia. This intrepid wilderness hides all manor creatures from the outside world. and at night a thousand monsters eyes and teeth glow in the dark. You see all animals need to live all animals have family; but not all animals are nice. Only, something lurks in a pond, and this pond gives life to all animals. The source of this life comes from cloud mountains, but can cloud mountain save the smallest animal in this wilderness.</p>
