At any given moment, the human body contains millions of parasites. This is the story of just one. A really, really nasty one. Benjamin Wilson was having a lousy month even before the stomach pains began. He was about to turn 40. One of his students had been shot while on a homicidal meat cleaver rampage. And, shortly after the funeral, Benjamin didn't feel so good.... Now, everything is changing. His body is being affected in some very unpleasant ways. His personality is developing a few "quirks". But, the biggest change is that he has a bunch of evil and/or psychotic people trying to hunt him down to acquire the parasite. His only hope is Julie, a gorgeous bounty hunter who may or may not have Benjamin's best interests in mind, and who may or may not be competent enough to help him anyway.

Jeff Strand, author of *Dead Clown Barbecue*, *Wolf Hunt*, and *Dweller*, delivers his most outrageous adventure yet - an over-the-top mix of gruesome body horror and a wacky road trip comedy.
