Aliens and monsters and Australia: Oh my! Kira's worries are only just beginning. She has a newly minted alien alliance to nurture, a settlement to run, and Skills to master, all while wrangling her children in an apocalypse. Hemmed in by continually respawning mutations, the settlement threatens to outgrow its borders, pushing their safe zone into monster-held territory. They can't stop growing and Leveling, but neither will the monsters. Pushed to the breaking point; Kira, the settlement, and their allies face their greatest challenge yet—waves of high-level monsters that threaten everything she holds dear. Good thing Aussies don't know how to quit. *Bloody Oath* is the third book in The System Apocalypse: Australia series. Set in the same universe as Tao Wong's The System Apocalypse, it's focusing on the changes in the deadliest of continents, Australia. Fans of the original series, LitRPG, fantasy, science fiction, and post-apocalyptic novels will want to take a look.
