Are you tired of having to trade hours for dollars? Do you want to start investing into a sneaky good asset class that not a lot of people think about? If you feel stuck with your current life and you want to learn about investing in a good asset class, then this book is for you. Many people invest in single family homes or self storage units. That's fine and all, but I believe that boat and RV storage is the way to go. Boats and RVs aren't going anywhere. They're valuable assets that people take good care of and owners won't leave you high and dry like a self storage unit. More and more HOAs are forcing people to move their boats and RVs off of their property, which inherently creates business for you all without having to lift a finger! Here are some of the things you'll learn in this book:

- How to find locations for a boat and RV storage business
- How to find a good location for your boat and RV storage lot
- What kind of amenities should you offer?
- How to underwrite a property to know if the deal is worth your time
- How much should you charge per month?
- How to raise capital from investors
- How to secure a loan from a bank
- The best way to market your business for customers that's specific to boat and RV storage

Investing into boat and RV storage is a great way to make passive income. You're investing in land and you get monthly cash flow, so it's a win-win on your part. With the knowledge you'll gain from this book, you'll gain the confidence you need to take that first step. So why wait? Click the buy now button today!
