From home invasions to cheating spouses, Rest Easy Property Management owner Leticia Tish Ballard thought she'd seen it all. Almost four years sober after flaming her real estate career in an alcohol-fueled blowout, she's finally in a good place in her life when the discovery of skeletal human remains rocks her world and plunges her headlong into solving a decades-old crime. Now she must delve into the darkness of her own past, including the one-night stand gone horribly wrong with Spence Breedlove, who happens to be the lead detective on the case.

When the truth comes out at long last, Tish finds herself pitted against an enemy who will stop at nothing in a fight for her own life.
