inLanguage	english

**I've been sent into the lair of the beast...**

It should be a dream assignment—leave my boring day-to-day routine and travel to a seaside mansion to interview superstar author Jack R. R. Bestia. Who wouldn't want that?

Me, that's who.

He has a reputation for being reclusive and temperamental, but that's not why I'm leery of the assignment. It's because the first (and last) time I met Jack—well, let's just say I didn't make a good impression.

When I get to the mansion—which is more like a secluded castle—things don't go much better. I'm sure he's going to throw me out entirely. The only way I manage to squeak in is by signing a massive nondisclosure agreement. And I soon figure out why.

Jack has a secret—and it's a big one.

Now that ironclad contract I signed means I have to *stay* here until his long-overdue book is finished—and he's *not* going to make it easy.

Jack acts every bit as beastly as the tabloids claimed, and I feel like a fairytale princess trapped in his tower. But every once in a while I get a glimpse of the charming (not to mention super sexy) man beneath the growly exterior and I wonder...could this beast be tamed?

***Bookworm and the Beast*** is a full-length hot romantic comedy take on the Beauty and the Beast fairytale. It's a stand-alone enemies-to-lovers, forced proximity, slow-burn billionaire romance with no cheating or cliff-hangers, but plenty of humor and heart.
