The aftermath of the helicopter attack on the Ciano Spire sets up the epic finale of the entire Boystown series.

As family members come together to mourn the deaths of loved ones and reminisce about the past, the mastermind behind the attack plans to put an end to the Ciano and Mancini families once and for all. In the meantime, Theo Baxter, obsessed with Joseph Mancini and his deceased father, Cole O'Brien, seeks to realize his dream of a relationship. However, the arrival of Theo's mother, Reverie Manning, to Chicago brings about a shocking murder.

While Hope Ciano struggles to keep her father's family secret hidden, Neil Ciano and Cody Mancini work to uncover it. When the truth is finally revealed, multiple lives are impacted, setting in motion yet another scheme that puts lives at risk.

As Valentine's Day approaches, four loving couples prepare for their joint wedding day; however, the presence of a shadowy figure threatens to turn a day of celebration into one of tragedy. After 12 seasons, the saga of the Ciano and Mancini families reaches its unforgettable conclusion.

There's no place like Boystown!
