The roll of the dice,
The flip of the cards,
I love it all.
The risk,
The chance,
The odds.

Which is why I'm here again,
In over my head,
Drowning in debt,
With no clear way out.

But when a sexy, commanding boss makes me an offer.
I can't refuse.
After all,
It can't be that hard being married to the Brash Boss.

But deals struck over money should never involve the heart...
