Sassy book blogger-turned-author, Kim Long, thought her life couldn't get any pinker when she received a two-book publishing deal and a marriage proposal in the same night. If only she could drown out the conflicting opinions of her overzealous bridal party. If only everyone would adore her first book - or she could take Nicholas's advice and stop reading reviews. If only Nicholas's past would remain there rather than threaten their future. The pressure is on and the clock is ticking. Will Kim ever write "The End" on her sophomore novel? And, will she and Nicholas make it down the aisle to say those two precious words: "I do?" Put on your reading glasses, fill your champagne flute, and prepare to laugh with (and sometimes at) Kim as she rewrites her happy ending until it's worthy of five pink champagne flutes.
