Driven by success, Sasha Harding has a simple plan: Learn as much as possible, be the best graphic artist she can be, and leave her heart at home. And with a strict no-dating policy at Brinkman Advertising, it's a piece of cake until Nathan Brenner arrives. Thanks to a mishap on the stairwell, they quickly find their passion for hard work isn't the only passion they share in common.

Will Sasha be forced to choose between Nathan and her work, or will she be able to enjoy business and pleasure?

This sensual bedside listen is approximately an hour long with plenty of steam, no cheating, and a HEA.
