As if things weren't already bad enough. Carol catches her boyfriend cheating on her with her twin sister, but this has to happen? She's faced with the embarrassing situation of getting a bill in the little coffee shop only to discover she left her wallet at her house when she ran out after seeing the cheating jerks. Worse, the men at the shop aren't buying her story. She's either going to have to deal with the police or deal with them, and they want to both take her at the same time!

Warning: This audiobook contains very explicit descriptions of rough sex during an mfm threesome. Only mature adults who won't find that offensive should read this story.
