The Celts have always been a people of songs. Stories, legends, and wise sayings were better remembered when put to music. While the melodies may have faded, the wisdom of these songs still rises from mountain, valley, and bog to lift the spirit and encourage the modern wayfarer.

While music has always been an integral part of the lives of the people of the British Isles and the diaspora around the world, an exploration of why this is so has seldom been explored. Celtic Song will take listeners on a journey to the past through a medium that uplifts the spirit and speaks to the heart.
