

Manzee Attack - Moe the Chimp Has a Really Weird Bi

author:

Synopsis

Wes navigates the twists and turns of a story about a chimpanzee attack that should probably be made into a movie. Saint James rescues a baby chimp whose mother died at the hands of poachers, and he takes the little guy back to California to raise as his own. But this seemingly sweet, direct-to-TV Lifetime flick quickly devolves into more of a Planet of the Apes kind of situation. ~~ To advertise on the show, contact us! ~~ Tooth & Claw is brought to you by QCODE.
