Synopsis

author	LaChelle Weaver
readBy	Karla Young
inLanguage	english

Christmas just ain't Christmas...

While Christmas is the most wonderful time of the year for most, Addison Ross is haunted by the tragic events of Christmas past. The losses she suffered and pain she endured, damaged the bond she had with her family and hardened her heart. Addison vowed to never return home, but after four years away, she journeys back to North Carolina to deal with what drove her away and grapple with shocking revelations that changes everything she knew about her life.
