

Cock & Bull

author: Laura Barnard

2026-08

Synopsis

author	Laura Barnard
readBy	Harriet Hardy
inLanguage	english

Who knew that owning a pub would come with so many extras? When Phoebe and Ella Bellerose leave England behind to run the Irish pub theyâ€™d inherited, it sounds like a great adventure...until they see for themselves what a wreck theyâ€™d been left.

With no experience, a severe lack of money, and a rival pub owner threatening to ruin them, the two girls arenâ€™t convinced they can actually make this work.

Not until they meet Clooney Breen, who just so happens to be packed with charm, charisma, and barman skills that could help them all survive. It also doesnâ€™t hurt that heâ€™s the son of Cock & Bullâ€™s biggest rival, and heâ€™s desperate to help Ella and Phoebe teach his father a lesson.

But can mysterious Clooney, with his obvious secrets and desire to be their saviour, really be trusted? Or are they being played by this handsome lothario who seems too good to be true? Their problems only seem to grow and grow, until Phoebe discovers a gift of her own that changes everything for all of them....
