A man, haunted by a family curse, is taken beyond the limits of his sanity to a realm where he has no control over his actions or his fear. James Adams lived a normal life in a New York suburb before the demons dwelling within him awoke from their slumber to reveal unspeakable horror and prophesize his future - his destiny. *Crescendo* is a novel about fate and the lengths we will travel to avoid the inevitable. Set in tranquil Rockland County, New York, this tale of suspense and horror will take listeners on an emotional roller coaster of anger, anxiety, compassion, and indelible fear.
