**Cryptocurrency mining is the rage today. You want to invest but it seems so complicated. What if there was an easy way?**

This audiobook is here to walk you through all the information that you need to understand the process of mining cryptocurrencies. You will learn a lot of the basics for starting your mining rig to help you get the most from your mining adventures.

The second part offers you a comprehensive investment section. This is not another guide that pushes trading strategies from stocks into Cryptocurrencies. We are investors ourselves, and we have seen everything cryptosphere has to offer. We focus on technical analysis, fundamental analysis, portfolio management, and investment strategies, but from the perspective of the volatile market.

For those who do commit to learning the art of cryptocurrency trading, you will never look at or enjoy the life same way ever again. The purpose of this book is to provide a full perspective of cryptocurrency trading, including how to make money investing in cryptocurrencies, and how to know more about the cryptocurrency world.

**Buy this audiobook today and start mining.**
