

Dances with Prostitutes Costa Rica Style

author: Thomas Ray O'Brien

2026-08

Synopsis

author	Thomas O'Brien	Ray
readBy	Thomas O'Brien	Ray
inLanguage	english	

Dances with Prostitutes is the story of the author's life after moving to Costa Rica in his mid-50s and, in particular, his and other's experiences with prostitutes as well as (occasionally) "regular" girls and his fellow expatriates. This audiobook is neither porn nor erotica. It necessarily includes sexual content since to try to avoid it would be idiotic and futile. A sincere attempt has been made to give a realistic picture of both the prostitutes, the "profession", and the men who consort with them. The tone is generally light and humorous, but the darker side is also unavoidable. Still, there are real human beings on both sides, and if the listener would like to meet some of them, they can be found here.
