Demon patrol officer Ella Grey is all about saving the ones she loves, even as she fends off the reaper that's trying to eat her soul. When a witch in her best friend's coven is murdered, Ella must set aside her own battles to take down a supernatural assassin. She'll only have one chance because her best friend Deb is next on the hit list. </p> <p>But Ella didn't count on the dark and powerful magic that brought the assassin to life - or the man behind the assassin. It's a nightmare beast sent by none other than tycoon Jacob Gregori, and he aims to kill Deb and every last witch in Lynnette Leblanc's coven. It turns out Lynnette is dabbling in the same dark magic that Jacob covets. And that's not the only surprise Lynnette has in store for Ella. </p> <p>To have any hope of saving Deb and the other witches, Ella will have to wield magic so rare and powerful it could kill her. </p>
