As Gabriel draws closer to gaining the power that he needs to challenge the dark lord of the Hollow, the unity of his allies begins to waver. Now that the coven knows Gabriel's secret, the temptation to release the imprisoned Nascent Souls and exploit their strength threatens to tear them apart. They might possess the power necessary for Gabriel and his harem to challenge the vampiric dark lord – except that these souls were born in Hell – and his allies might be the greater evil. With a succubus, witches, familiars, a princess, a reincarnated ex-vampire, and a ghost as Gabe's companions, his journey on the Dark Path leads into the forbidden eastern mountains where untold horrors dwell in perpetual darkness and fill the catacombs beneath the wilderness with rivers of blood.

Dark Path Crusaders is a Haremlit Cultivation and Progression Dark Fantasy with Gamelit elements.
