Once I saw her, I had to have her.

Sam McIntyre had it all. Brilliant surgical career. Wealth. The begrudging respect of the best in the profession. Everything except someone to share it with.

Terri Malone is young, beautiful and a bit naïve. So what if Sam is a little possessive, a little pushy? Sam knows more about the world, about life, than Terri does. Of course Sam is going to make most of the decisions.

They look like the kind of couple everybody envies. The big house. The fabulous weekend getaways. The fast track to marriage and a family. As far as anyone knows, everything is perfect. And Sam will do whatever it takes to keep it that way.
