Synopsis

author	Brian Sanders, Mike Patz
readBy	Brian Sanders
inLanguage	english

Different makes a compelling argument that passionate love for God and the world he came to save will produce disciples who stand with, but not as, the lost world. We can walk alongside people and still stand out from them. Disciples cannot call other disciples to repentance and change if they are not themselves changed and changing. Churches cannot serve their divine purpose to call cities and systems to redemption and change if they are not themselves redeemed and redemptive.
