

Discovering the Dark

author: Becca Noire

2026-07

Synopsis

author	Becca Noire
readBy	Tatum Carlile
inLanguage	english

She was tired of boring. He's anything but. Will a new life of ecstasy be too much to handle?

Becca is a lonely empty nester who's ready to start dating again. The only problem is that every man who comes into her life bores her to tears until she meets John. He's sophisticated and sexy, and he brings her into a new world of indulgence that is utterly satisfying in every way possible.

As she learns more about her mysterious new beau and his secret society, Becca opens herself up completely. John's voyeuristic tendencies ignite Becca's passion, and his love of bondage takes her to a whole new level of sexuality.

But when her dream life suddenly turns into her worst nightmare, Becca second-guesses everything John offers. Unsure of her next move, she'll need to make a choice: her conscience or her heart.

Into My Silhouette: Discovering the Dark is the first book in a new series of erotic thrillers. If you like scintillating sex scenes, bone-chilling suspense, and main characters you want to root for, then you'll love the first installment of Becca Noire's breath-taking series.
