Valentine's Day is the worst holiday of the year. For many, it's a reminder of love. For me, it's a reminder of my loneliness thanks to my commitment to my work. I have been helping my friends find their daddies, but I never found mine. At this rate, I'll end up being an Auntie the rest of my life. That is until I found him—tall, sexy, well-off. How do I get his attention and make him mine?

VINCE

Enough with these fake littles. I'm tired of the littles who come in and act sweet and innocent, but turn out to want only money. Valentine's Day is just days away, and I'm afraid that I'll be alone. That is until I found her—short, curvy, sexy, immature. She's a true little through and through. However, she doesn't seem to know just how perfect she is. How do I make her mine?

Doctor Daddy's Unnoticed Little is a hot, short, sexy ageplay romance featuring two consenting adults who are the perfect match for each other. It includes some DDLG elements, some moments of suspense, lots of lust and love, and a happily ever after you can root for. Enjoy!
