If so, *Countess Elizabeth Bathory: The Life and Legacy of History's Most Prolific Female Serial Killer* is the book for you. It explains the life and times of this powerful woman - and how she came to be accused of so many heinous crimes. You'll gain access to a variety of historical versions, perspectives, and accounts of her life - some of which paint her as a villain - and others as a victim!

Was Elizabeth a victim of her family's abuse - and her husband? Can her foul acts be explained by the horrors she witnessed as a girl and experienced as a teenager?

No one can say for sure which tales are true and which were fabricated by her political opponents. Perhaps later storytellers have embellished this horrifying tale - which is still popular today! Download this book and decide for yourself!
