[Contains explicit content] Jean Grae is a rapper, actress, and comedian who is probably the only living person that can boast that she's guested on tracks with Immortal Technique, Talib Kweli, Wale, and Lil B, and has shared the stage with John Hodgman. Her eclectic career has taken her to many strange places, which means she has some stellar stories like the one about a crazy ride home that she shares in this live episode of *Hold On* at NYC PodFest. Eugene Mirman shared the stage with Jean and went along for the ride - with a few pitstops for pointed questions along the way.

In each episode of the Audible series *Hold On*, host Eugene Mirman (*Bob's Burgers*) pauses the funny stories of comedians and performers to get the skinny behind the story. Featured guests include: Jim Gaffigan, "Weird Al" Yankovic, Lisa Lampanelli, Mike Birbiglia, Reggie Watts, Kumail Nanjiani, Maria Bamford, Hasan Minhaj, David Cross, Kristen Schaal, and more!
