Eric is the Discworld's only demonology hacker. Pity he's not very good at it. All he wants is his three wishes granted. Nothing fancy: to be immortal, to rule the world, and have the most beautiful woman in the world fall madly in love with him. The usual stuff. <p>But instead of a tractable demon, Eric calls up Rincewind, the most incompetent wizard in the universe, and his extremely <i>in</i>tractable and hostile travel accessory, the Luggage. With them on his side, Eric's in for a ride through space and time that is bound to make him wish (quite fervently) that he'd never been born.</p>
